

Dayton High School  
SBDM Minutes  
November 16, 2016

Principal Ryan Kellinghaus called the November 16th meeting to order at 4:00 pm in the Dayton High School Business Classroom. Members present included: Angie Buschle, Erin Goetz, Barb Lund, Angela Gonzalez, Julie Rubemeyer, and Ryan Kellinghaus. Scott Meyers, April Brown, Casaundra Newsome, Lisa Klette, Beth Hunt, Kevin Breslin, Steven Schwartz, Chad Montgomery, and Dillon Mears were also present.

Angie Buschle made a motion to accept the agenda. Julie Rubemeyer seconded the motion. The motion carried.

Angela Gonzalez made a motion to accept the October minutes. Erin Goetz seconded the motion. The motion carried.

#### **Good News Items**

- Mr. Kellinghaus talked about the Veterans Day Assembly and how special it was. Barb Lund said how excited Mallory was about the pin she designed and Mr. Brewer had made up and passed out to the Veterans and staff at the assembly.
- Mr. Kellinghaus reported that Ms. Dragan said how well our students did at the Fall Festival with the Lincoln kids.

#### **Public Comment**

- None

#### **Committee Reports**

- Beth Hunt reported that 1 student is failing in 7<sup>th</sup> and 8<sup>th</sup> grade Social Studies. She stays till 5:00 every Tuesday and Thursday to work with students who need extra help or have make-up work. If students want to come in at lunch she will work with them. She also makes calls home to parents. Ms. Gonzalez said she has heard students talking that they like working with Ms. Hunt.
- Dillon Mears has 2 failing US History, and 1 in History of Films & Lit. He said the rest of his students are doing well.
- Kevin Breslin reported that he has 2 failing in US History and 2 failing Int. Social Studies. He reported he stays Monday and Wednesday till 4:00 or 4:15 to help students. He also does parent conferences.
- Ms. Klette reported for Mr. Whittington and Ms. Embry.
- Mr. Whittington has 3 failing his chemistry classes and no other failures. He feels that giving time in class to work on homework and to work in groups help the students learn from each other and they can explain things in different ways. They can also get help if needed. The Labs help bring the grades up because they are summative assessments and it is hands on.
- Ms. Embry has 3 students failing in her classes. She gives academic detention, provides reteach sessions and students can earn partial points back on assessments by giving written explanations for questions answered wrong.
- Ms. Klette has 5 students failing in her classes. She has student conferences every Friday and makes parent phone calls for all failing students. There is ESS homework help on Mondays after school. She also works with students at lunch if the students want help.

#### **Old Business**

- The question was asked as to when we are getting the old chemicals out of the chemistry lab. It was arranged for Mr. Kinmon to take them to Boone County when they had a community disposal, but he had a family emergency. We are working on getting them out of the school.
- Middle School will follow the high school schedule for exams, and the teachers will give exams if they wish. These will be 2 hour class periods.
- If a student has an 80% in the class, they will be exempt from taking the exam. Exams will be cumulative and entered as a non-weighted summative exam.
- We did not receive any Minority Nomination.

## **New Business**

- On Line Learning was discussed. We used Novel Star a few years ago and now use Plato. Novel Star was very easy where Plato is much more difficult. In Plato, Science, English and Algebra II are above what is taught in the classroom. Social Studies seem to be about the same as the classroom. These students taking on line learning seem to be held to a higher standard than the students in the classroom.
- We had the first reading of the On Line Learning Policy changes. Barb Lund made a motion to accept the first reading, Angela Gonzalez seconded the motion. The motion carried.

Angie Buschle made a motion to extend the meeting. Erin Goetz seconded the motion. The motion carried.

- Ms. Newsome told us our College/Career ready students are now at 45.8 %.
- Our school report card was discussed. Middle School scores went up from 70.7 to 72.4. We need to reach 72.9 or have PLA status for another 3 years, talked about the Graduation policy for valedictorian and salutatorian. Other schools sometimes have more than one of each. This was tabled for next month's meeting.
- We had the first reading of the Graduation Policy. Angela Gonzalez made a motion to accept the first reading. Barb Lund seconded the motion. The motion carried.
- Mr. Kellinghaus suggested we surplus the 3<sup>rd</sup> tablet cart in the Middle School.
- Mr. Kellinghaus has submitted an amendment for our SIG Grant and will hear something by the first of the year. He would like to order 35 new laptops with solid state drives. He thinks it would be better to have 5 extra laptops instead of getting the extended warranty on the ones we order.
- We have written and awarded a grant for a 3D printer,
- December 29<sup>th</sup> is the CSIP deadline in ASSIST.
- If the Sky's the limit, what would we want; maybe One on One?

We looked over the budget and had no changes.

Angie Buschle made a motion to adjourn, Barb Lund seconded the motion. The motion carried. Mr. Kellinghaus adjourned the meeting at 6:10. p.m.
